April 29th: Pancakes, Ponies and Pick'in Car Show.

Well, the majority of us found out what the "Pick'in" was all about (gentleman on a getar). I didn't count how many cars and trucks were present, but there must have been around 30 or so. Good turn out from the Mustang Club. There were a few "hitches", but for the first show hitches can be expected. The food was good and the cars had parking available on the grass. Due to the heat, people congregated in what shade there was, which enabled more conversation/interaction with some people they didn't know (which was also good). Hopefully there was money made for the block watch program the Sun County Estates were planning. Thanks, Jan, for thinking of the club while helping putting on this shindig. (D.H.)

May 13th was the Zillah Parade and BBQ at Jim and Jason's.

Additional information: I believe there were about 12 club cars at the parade. Jimmy brought two cars, his '66 coupe and his Dad's model A. There were two model A club members in line for the parade so it ended up that jimmy joined up with them for the parade with the Mustang Club members following behind them. Both clubs had their own parade numbers so it worked out well. Bruce ended up hauling some dignitaries and Dennis and Opal also had some last-minute dignitaries. It was a little confusing at the beginning, but it seemed to work out okay. The parade crowd was pleased to see us even though it was a little dusty and windy at the staging area, which made the shinning cars a little less shinny.

There wasn't as many club members at Jimmy's as last year, but the food was good and like Jimmy mention, everyone seemed to have a good time. A great big THANK YOU for Jimmy providing his home for this event. (D.H.)

Memorial Day Comment; from "House to House" by David Bellavia

"Those who died gave their lives for their brothers. They gave their lives for a noble ideal: that freedom from tyranny and oppression is a basic human right. We were the force to do that, and my brothers paid the price. But I know this: as long as I honored these men each day, I would have a second chance at redemption."

Bruce Docken

Hi Doug,

I decided to send this so I don't get in trouble with the president.

Attached please find a photo of my 1967 Mustang. It's a Nightmist Blue GTA "S Code" with a 390 cid and an automatic transmission. I had an almost identical car in my late teens and early 20s only it was black and a 4-speed transmission.

If you have any questions, please let me know.

Bruce
