Subject: Gun Logic

- 1 - Eleven teens die each day because of texting while driving. Maybe it's time to raise the age of Smart Phone ownership to 21.
- 2 - If gun control laws actually worked, Chicago would be Mayberry, USA.
- 3 - The Second Amendment makes more women equal than the entire feminist movement.
- 4 - Legal gun owners have 300 million guns and probably a trillion rounds of ammo. Seriously, folks, if we were the problem, you'd know it.
- 5 - When JFK was killed, nobody blamed the rifle.
- 6 - The NRA (National Rifle Association) murders 0 people and receives (\$\$\$\$ 0) nothing in government funds. Planned Parenthood kills 350,000 babies every year in the U.S., millions globally and receives \$500,000,000 in taxpayer dollars annually.

² Character is much easier kept than recovered. *Thomas Paine*

7 - I have no problem with vigorous background checks when it comes to firearms. While we're at it, let's do the same when it comes to immigration, Voter I.D., and candidates running for office.

8 - Folks keep talking about another Civil War. One side knows how to shoot and probably has a trillion rounds. The other side has crying closets and is confused about which bathroom to use. Now tell me, how do you think that would end?

Okay; so I got radical and placed something in the newsletter that some might disagree with, so cut my pay. Doug (thanks Heinz)

When I spoke with the person in charge with the April show-n-shine Stanfield, Oregon (very out-going person) she stated that she was contacted by the Mustang Club in Richland concerning this event. (This is an open show-n-shine, if you didn't get that idea already). It didn't occur to me until later that the Richland club might have realized before me that this date is also the birthday of the Ford Mustang. Maybe this fact might encourage some of our club to also attend as a celebratory cruise. D.H.

Like all of our club activities (parades, cruises, shows) all are completely voluntary as to attendance. Sometimes you might see other club members present and at other times you might be the only club member there. **BUT**; I can pretty much assure you that when car buffs; no matter the make of vehicle, get together there is a certain amount of interest in all types/makes of these vehicles.

April 17th 1964 was the debut of the Ford Mustang at the New York Worlds' Fair, (this date was 16 days after the Plymouth Barracuda). It was predicted to sell 100,000 copies that first year, instead it sold 400,000. The 1-millionth Mustang was sold within two years of its launch. Happy 57th birthday to the Ford Mustang.
