- I understand that; **Hot Rods and Motorcycles Cruise In** will be starting up again this summer at the Burger Broiler, 1227 So. 1st Street, Yakima. It will be on Friday nights again and will run from May through September (unknown at this point as to beginning or ending times).
- **Wapato Harvest Festival** will be sometime in August (509) 877-2334. They usually have a parade as well as a car show.
- **Cinco de May Festival in Sunnyside**; May 3rd through the 5th.
- **Prosser Balloon Rally**; No car show or parade, but to those who make the before dawn trip to Prosser you are treated to see a great many balloons take flight and maybe get to help them fill up. September 27th through the 29th.
- **Last year there** was a church in the East Valley area that put on a GREAT car show; anyone out there have any information concerning it for this year?
- **Revology Cars**: If you can believe the web pages on these cars and if you can then afford them, you can have your classic Mustang with everything else very modern.
- **I was wondering** if there might be one, two, or three people willing to take on coordinating the following: Cruise In, Parades, and Car Shows. One person to set up cruise in's, once per month, another person to do the paperwork concerning parades, and another that would have the information at the meetings concerning car shows and when the registrations need to be in. There would also be a time crunch concerning the paperwork for parade, too.
- **In Europe** they have legislated that governors be placed on all cars by 2023. Of course, the top speed with the governor will be 112 mph (might be fast enough). It will be just a matter of time when the U.S. will legislate the same.

Justice will not be served until those that are unaffected are as outraged as those who are affected.

Benjamin Franklin

A little boy opened the big old family bible with fascination, and looked at the old pages as he turned them. Suddenly, something fell out of the bible and he picked it up and looked at it closely. It was an old leaf from a tree that had been pressed between the pages. "Momma, look what I found", the boy called out. "What have you got there Dear?" His mother asked, with astonishment in the boy's voice, he answered, "I think it's Adams' suit."

If you drive a white automobile, you have a lot of company. There are more white cars in the United States than any other color.

It was Democratic governor and presidential hopeful Adlai Stevenson who made the following sage observation: "A free society is a place where it's safe to be unpopular."

Thought for the month: "The significant problems we face cannot be solved at the same level of thinking we were at when we created them." Albert Einstein.

Creation of woman from the rib of man: She was not made of his head to top him; nor out of his feet to be trampled upon by him; but out of his side to be equal with him; under his arm, to be protected. And near his heart to be beloved.

We've placed a lot of emphasis in this country on the idea of people's *rights*. That's how it should be, but it makes no sense to talk about right without also talking about responsibilities.

Even if you are in a position of strength, whether at work or in relationships, you need to play fair. "Just because you're in the driver's seat, doesn't mean you have to run people over."

⁴ Some people give and forgive; others get and forget.
