**EDITORIAL:** Later in this newsletter I found I mentioned the need to think outside-the-box in order to get some, if not all of what our club needs to accomplish throughout the remainder of 2020. Meetings, board or regular meetings, I think can still take place. Yeah, not necessarily at their regular format

<sup>1</sup> Reality may be a rough road, but escape is a precipice.

(inside a restaurant); *It's summer* and we could have outdoor meetings, in a park, church grounds, school grounds, or in a members' backyard (if large enough to keep our distance). A place for these meetings could be determined, say a Saturday, early afternoon. Members could even bring their own sack lunch to eat during the meetings if they would like. Show meetings could be held at the same time. We could possibly add our "**BURGER**" runs prior to this and then take what we ordered to a near-by park and eat our BURGERS and have the meeting(s). These outdoor meetings should be held with few to no Mustang cars in attendance because we don't want people to think there is a mini car show going on. We can't just bury our heads in the sand because of a virus. Serious as it may be, I believe we need to, as a club, to push through it and get ready for our future. We might not be able to have our coffee stop or our show, but there is also a chance we can have them so we need to prepare for both and keep some type of format going for our club members to continue meeting and fellowshiping. D.H.

**For sale and wanted:** (These should have been in last month's newsletter, but were unfortunately overlooked.)

I have a 1965 Ford Mustang Convertible, 289, 4 bbl carb., 3-speed standard on the floor, newer top, runs well and brakes well. Custom dual exhaust, new aluminum radiator, garaged. I want to sale it. With my hip replacement and her knees replaced, it is hard to get in and out. The VIN numbers reflect the car. Made in San Francisco. I live in Prosser. Thx

I'm in need of a good 14" 5 lug Mustang wheel for my '66 Mustang. If anybody in the club has one for sale, I'd appreciate hearing from them.

Thanks, Doug Mac Neil

<p>If anyone else happens to have one or two other stock 14" 5 lug straight Ford wheels; I would also be interested. (for my Mustang) Doug Heilman, waheilman@yahoo.com</p>

I noticed an add on Craig's list concerning an early model Mustang in Naches that was for sale. D.H.

Well, there is a lot left “up-in-the-air” concerning the coffee stop. As of this writing the “volunteer free coffee program” has been temporarily discontinued (until further notice.) (Rest stops are open). What we have is that we are still on the WADOT calendar for this coffee stop, so when it opens, we are a go. As Velda has stated to me that we can live without the amount of funds the stop brings in, but it would be nice to get what we can get. Of course, the issue is thinking outside the box as to getting the supplies in a place where they can be transported to the stop. It is sort of like thinking outside the box in running the club and continuing our show planning when we cannot meet together; I believe both are do-able without sitting down to a meal and they still need to be done. I would hate to stop planning things concerning our clubs’ future out of fear of the future.

If we end up not being able to have the coffee stop then the supplies could still be used at our car show, or at least a portion of them. Another outlet for these supplies could be to go to some of our members who bake items to go along with the coffee at to show.

Since the club voted to have the coffee stop, we should continue the plan on carrying through with the coffee stop. Get the supplies and have people sign-up for the slots listed below.

Time is getting short, so Velda will need to know what time slot you can do. D.H.

**COFFEE STOP:** (From Velda)

If we start the 2nd shift at 1:00 PM it would be an 8hr. shift to 9:00 PM. If dark before that, close and leave

At this time, we have the following times available. Please let me know what shift(s) you would like to work.

Friday; June 19<sup>th</sup> 2020, Opening day light 5:00AM – 1pm -Dick and Sandy LeBret, Velda

Friday; June 19<sup>th</sup>; 1PM to closing 9:00 or dark: \_\_\_\_\_

Sat. June 20<sup>th</sup>; 5:00 AM --1:00 PM: \_\_\_\_\_

Sat. June 20<sup>th</sup>; 1PM to closing 9:00 or dark: Doug and Amy Heilman

Sun. June 21<sup>st</sup>; 5:00 AM ---1:00 PM: \_\_\_\_\_

Sun. June 21<sup>st</sup>; 1:00 PM to closing and take down, Heinz and Doris Humann

I plan to help with closing along with Heinz and Doris, but I feel we need at least one more person to help in taking down, and bringing everything home. That if someone will help us, maybe with a pickup or van, anything to load equipment would be great.

Let’s hope by that time, everything is back to normal and we can bring some money home for the club.

The following supplies are also needed: Coffee (non-instant), Lemonade, Coffee creamer (non-packets), Sugar (non-packets), Cocoa (non-packets) – [packets cause unnecessary trash laying around the area, which is our responsibility to clean up.]

I need your help, Velda
