### SCMC MEMBERS

**-COFFEE STOP IS AUG. 2 -5.** There will be a sign-up sheet at the May meeting. We are **NOT REQUIRED** to be open 24 hrs this year, just day light to dusk. There was a discussion of times for the shifts. I explained --- if we want to work 8hr shifts, 6 AM to 2 PM, then next shift would be 2 PM to Closing; approx. 7hrs, including closing up. We need 2 people per shift, 4 people each day. (plan on 2 hours for travel, 1 hour each way)

OR

Dividing equally, we would work 3--5 hr. shifts; 6 AM to 11 AM, 11AM to 4 PM, 4 PM to 9 PM, closing this would take 6 people, each day.

We would come home Sunday evening, not Monday Morning (5th).

My hope---- some of our members that wasn't present at the meeting are willing to help.

**PLEASE RESPOND TO ME. Mark is busy. He would have to forward this to me.**

Thank you, Velda

[You might have noted phone numbers on the activity list, as to shows and parades. Since you do not need to wait to see if the club will be participating in an event, you have the opportunity to make the "first contact" concerning an event that you might be interested in. When you get information back from an event you can either share it with the rest of the club or if you all ready know that no one else will be attending then, by all means attend on your own.]

I don't usually get articles for the newsletter and I realize that this article was not necessarily set to be shared, but I'm sure that Heinz and Doris would not object. Thanks guys

Subject: Seenager

I JUST discovered my age group!

I am a Seenager (Senior teenager).

I have everything that I wanted as a teenager, only 55-60 years later.

I don't have to go to school or work.

I get an allowance every month.

I have my own pad.

I don't have a curfew.

I have a driver's license and my own car.

I have ID that gets me into bars and the wine store. I like the wine store best.

The people I hang around with are not scared of getting pregnant, they aren't scared of anything, they have been blessed to live this long, why be scared?

And I don't have acne.

Life is Good!

Also, you will feel much more intelligent after reading this, if you are a Seenager.

Brains of older people are slow because they know so much.

People do not decline mentally with age; it just takes them longer to recall facts because they have more information in their brains.

Scientists believe this also makes you hard of hearing as it puts pressure on your inner ear.

Older people often go to another room to get something and when they get there, they stand there wondering what they came for. It is NOT a memory problem; it is nature's way of making older people do more exercise.

**SO THERE!!**

*Amy and I had the opportunity to participate in this show, I believe last year, and had a good time. Small area so I would suggest that anyone wishing to attend should show up early in order to get parking near a grassy area. No shade trees so be sure to bring a hat. Vehicles of all types seemed to keep coming in, and you begin to wonder where they will find room for them. Limited awards.*

I am selling a 94 Mustang GT convertible for a friend of mine who is widowed. Her husband owned the car since 1996 and it is really one of a kind! 95K miles, K& N and some brand (I need to check it out) of aftermarket ignition-- otherwise totally stock. Always garaged, never driven in winter and all service records since new. For a 25 year old car it is in amazing condition!! White with white top. Cloth interior. It is the 'strippo' model--no leather, no keyless entry, no CD (except a nice aftermarket changer in trunk. After looking at Cargurus and talking with the sales manager at Carey Motors it appears this vehicle should sell for around \$7500. It REALLY is a see it to believe it' vehicle. Can you help us find a great home for this beautiful classic car? Sincerely, Tom Clayton PS I have owned 5 or 6 Mustangs (88-98 including an exceptional 86 SVO). Love 'em. Long time Yakima resident also.

## The bus trip to LeMay Car Museum

We had 18 brave souls got on the bus to Tacoma on April 14<sup>th</sup> at 7:00am. We had a great time. Dick and Sandy LeBret drove their Black 2001 Bullitt Mustang to the Mustang car show out front of LeMay Museum. We also met with John and Debbie Mertell. So we had a total of 22 people from the Yakima area there.

It rained and snowed on us over the pass and there was chains required at one time at the top but luckily we did not have to chain up. Tacoma was overcast and had some sprinkles, but not too bad.

The car museum was awesome. The 2019 Bullitt was inside the front door and of course the main reason we were there was to see the original Bullitt car that was in the movie. You could tell it had not been touched for many years and it is neat to see a car that is not restored and hopefully it will never be. You could spend hours looking at all the cars and reading all the history.

At 1:00pm there was a Bullitt presentation about the history of the car and the special edition Bullitt Mustangs. It was very informative and Sandy LeBret won one of the special raffle items.

The Mustang show outside had about 180 cars, it was celebrating 55 years of Mustangs at see the Bullitt. They had a number of Bullitt cars in front of the museum including the LeBret's Bullitt. Sonny Alvarez and son Dave put the show on and did a great job.

We left the museum about 3:30pm and headed to Federal Way for dinner. We got at the restaurant about 4:00pm and I had made reservations for 5:00 so the employees were not happy to see us that early. The manager had arranged a waiter to come in just for us, so he had to call him in a little early. They took very good care of us and food was great also the drinks.

We got back to Yakima just before 9:00pm. Thanks everyone that came and thanks Opal and Lisa for providing lunch on the bus.
