	2 nd	Pacific Northwest Mustang Show	TBD (according to their web page)

(The events listed without dates corresponding to them, I have yet to look up the date. D.H.)

The Cruise-In at Reno's on the Runway: I hope everyone tipped heavy because it was not only a fun event, but I was advised that they were open just for us (was that true that they usually were not open that late?) Food was good and we had a nice turn out.

The Zillah parade: During the time lining up for the parade we had a light rain. It was no doubt raining on most of us just driving to the parade. If I remember correctly there were about 8 Mustangs there (and yes, no matter the comments made by some on the parade route, the electric Mustang is still a Mustang.) The turn out for other car clubs was very sparse. Our club did win a first-place ribbon. (might not have got that ribbon if we hadn't pressured Bruce to wipe off the mud on his car :) After the parade we cruised to Jimmy and Jason's. Hamburgers and hot dogs were cooked to perfection (thanks Opal). The main dishes were great and the desserts were all out-of-this world. Thanks to all and especially Jim and Jason for providing their backyard for this event.

⁴ The snow in the Wizard of Oz was actually asbestos. This was of course before they knew it was a carcinogen.

The Selah parade: The club was again placed in a hole, trapped between bands and trucks. They seem to have a large area, but the organizers need to move those registered away from the building more than they did. I do not know if they requested or receive from us as to how many vehicles we would possibly have. This information would have been important for them to have in order to determine how much room to give us for the line-up (similar for us knowing how many of a particular class of car would be showing up for our show, to help determine parking). The weather was nice. The club had 10 cars in parade, 3 convertibles carried Royalty. There was a large crowd lining the parade route.

=====

BEFORE I FORGET; IF YOU HAVE ANYTHING FOR THE: RAFFLE, DOOR PRIZE, OR GOODIE BAGS: BRING THEM TO THE NEXT MEETING. There are only three more regular meeting dates prior to our show, and some of the items for the raffle, door prize or goodie bags can take a little time to organize so let's try not to leave these items to the last minute. Might want to use each one of the meetings left to make sure all is on schedule and to see if anyone needs assistance with the show duties they agreed to perform. If anyone has any questions or concerning regarding their assignments, please ask.

I would like to share something I experienced at a car show concerning door prizes/raffle prizes. The show I attended were giving away porch swings (these were two/three person swings all ready put together). I don't know how any of the winners of these got them home. If you think what you have may work for a Raffle, Door Prize or Goodie bag please bring it to the meeting. You might only have some small thing, but it could be added to other items and make a terrific raffle or door prize. Goodie bag items do not mean you have to have dozens of different items, each goodie bag can be different from each other.

Well, unfortunately for you I have some extra room to take up (might make you think about sending in something for this paper, heh?) Maybe for next month, I could get someone to write something up concerning our car show; a list of the type of jobs there are to do and a little about how to do them. I think this might give the new members as well as the older members a better idea of what tasks **need** to be done. There are jobs that require walking, there are jobs that require very little walking or no walking at all, and there are jobs that you need to handle money, anyway, you get the point. There are jobs for everyone. Since none of our members really need to "sit" with their vehicles.

What are the specific tasks for the following (no particular order and not the entire list)

Gate person	Parking	Registration	Sound system	50/50
Goodie bags	Door prizes	Raffle prizes	Trophies	Pony Trails
Pre-show Coffee and goodies	t-shirt sales	Pop & water sales	MC	Vote counting

There are moments in life that fade from memory so quickly they are gone almost before they are over. Then there are those that stick, the ones we carry with us through the years like precious parcels of clarity stitched close to our hearts, becoming part of who we are

We may not be able to choose the parents to whom we are born, or, indeed, where we are born. We may not be able to choose how or when we will die. But we can all choose how we live!

Human beings, who are almost unique in having the ability to learn from the experience of others are also remarkable for their apparent disinclination to do so.

“A nation of well-informed men who have been taught to know and prize the rights which God has given them cannot be enslaved. It is in the region of ignorance that tyranny begins.”

Benjamin Franklin
