SCMC MEMBERS

-COFFEE STOP IS AUG. 2 -5. There will be a sign-up sheet at the May meeting. We are **NOT REQUIRED** to be open 24 hrs this year, just day light to dusk. There was a discussion of times for the shifts. I explained --- if we want to work 8hr shifts, 6 AM to 2 PM, then next shift would be 2 PM to Closing; approx. 7hrs, including closing up. We need 2 people per shift, 4 people each day. (plan on 2 hours for travel, 1 hour each way)

OR

Dividing equally, we would work 3--5 hr. shifts; 6 AM to 11 AM, 11AM to 4 PM, 4 PM to 9 PM, closing this would take 6 people, each day.

We would come home Sunday evening, not Monday Morning (5th).

My hope---- some of our members that wasn't present at the meeting are willing to help.

(updated information from last meeting) All but one shift covered. Supplies are needed-water, cookies, hot coco mix, coffee, lemonade, etc. Velda will except money for buy supplies.

PLEASE RESPOND TO ME. Mark is busy. He would have to forward this to me.

Thank you, Velda

Amy and I had the opportunity to participate in this show, I believe last year, and had a good time. Small area so I would suggest that anyone wishing to attend should show up early in order to get parking near a grassy area. No shade trees so be sure to bring a hat. Vehicles of all types seemed to keep coming in, and you begin to wonder where they will find room for them. Limited awards.

Well, according to the meeting minutes it appears that the coffee stop is “coming together”. This is a real good thing. I understand there will not be a late-night shift, that's to bad because even though we don't make a lot of money on the late-night shift you can sure see a lot of strange people that time of night. I know we put this on as a “money maker” it is easier to look at it as a service provided to drivers on the highway and especially to the truck drivers. Coffee at rest stops, as some of you know, is not a national thing, in fact Washington State is one of the very, very few states that offer this opportunity for groups such as ours to offer such a service. So a BIG THANK YOU to all of you who first signed up to man the stop and then to those who donated supplies (and in most cases did both). D.H.

Zillah Parade

I know there was something mention concerning the Zillah parade in the minutes, i.e. 11 cars with 9 at Jim's. I realize there is, at times, a lot of waiting around for any parade to start and some people wonder why you should mess with cleaning up your car as you would for a show, but while cleaning my car or just waiting for the parade to start, I keep in mind all those who came early in order to get a good place to sit along the parade route. Some in chairs, but a lot finding a place on the cold (or hot) concrete curb. These people get less than 30 seconds to view your vehicle. If interested in seeing your vehicle they don't have the time to "google" over it as they would during a show. The short parade route in Zillah really gets the crowd "packed in" and you have the opportunity to get close to the crowd, which makes it even more "critical" to have a show worthy vehicle (even though mine has a tendency to smoke a little).

Then you throw in the BBQ at Jim's, what a great time. We didn't have everyone there who were in the parade, but we did have other club members show up for this event. D.H.

Selah Parade

100th anniversary of the founding of the town of Selah. They reversed the parade route this year and the club was wedged between two marching bands allowing little room to stage and some continual watching for people "mauling" the cars. There were more people along the parade route, but that might have been due to the amount of entries wanting to be a part of the 100th anniversary. Due to where we were staged, I personally, will think twice before returning next year to this usually enjoyable parade. D.H.
