**SCMC MEMBERS**

**-COFFEE STOP IS AUG. 2 -5.** There will be a sign-up sheet at the May meeting. We are **NOT REQUIRED** to be open 24 hrs this year, just day light to dusk. There was a discussion of times for the shifts. I explained --- if we want to work 8hr shifts, 6 AM to 2 PM, then next shift would be 2 PM to Closing; approx. 7hrs, including closing up. We need 2 people per shift, 4 people each day. (plan on 2 hours for travel, 1 hour each way)

OR

Dividing equally, we would work 3--5 hr. shifts; 6 AM to 11 AM, 11AM to 4 PM, 4 PM to 9 PM, closing this would take 6 people, each day.

We would come home Sunday evening, not Monday Morning (5th).

My hope---- some of our members that wasn't present at the meeting are willing to help.

**(updated information from last meeting)** All shifts covered. Supplies are needed-water, cookies, hot coco mix, coffee, lemonade, etc. Velda will except money for buy supplies.

**PLEASE RESPOND TO ME. Mark is busy. He would have to forward this to me.**

Thank you, Velda

[You might have noted phone numbers on the activity list, as to shows and parades. Since you do not need to wait to see if the club will be participating in an event, you have the opportunity to make the “first contact” concerning an event that you might be interested in. When you get information back from an event you can either share it with the rest of the club or if you all ready know that no one else will be attending then, by all means attend on your own.] D.H.

Well, according to the meeting minutes it appears that the coffee stop is “coming together”. This is a real good thing. I understand there will not be a late-night shift, that’s to bad because even though we don’t make a lot of money on the late-night shift you can sure see a lot of strange people that time of night. I know we put this on as a “money maker” it is easier to look at it as a service provided to drivers on the highway and especially to the truck drivers. Coffee at rest stops, as some of you know, is not a national thing, in fact Washington State is one of the very, very few states that offer this opportunity for groups such as ours to offer such a service. So a BIG THANK YOU to all of you who first signed up to man the stop and then to those who donated supplies (and in most cases did both). D.H.

Always looking for information concerning the club's activities;

Concerning the **Tri-Cities show**; it was nice to know that we had several club members at the show (as stated in the minutes), but could there possibly be more information concerning the show? Approx. how many cars present, what was the weather like, what information could be shared to maybe have more club participation.

The SCMC **Drive-in Cruise** at HopTown Pizza. Maybe since it was mentioned that we had a great turnout someone could have volunteered to write something up for the newsletter?

Anyone attend the **American Reflections** car show on the 19<sup>th</sup> of May?

How about; did anyone attend the **Cruizin for Hospice** on the 5<sup>th</sup> of June? (This one is getting a little spendy for me)

### Goldendale Community Days; July 6<sup>th</sup>

Amy and I drove to Goldendale for this event. Traffic was light at 7am when we left Yakima. It was a good open class show. I suppose there were around 100 cars or more parked on both sides of the street, two blocks long. It had been a while since I needed to go through Goldendale so we ended up doing a little "sight-seeing" and happened to drive by Harold and Mary's place (across from the hospital). Finally found the car show location, that is something we need to keep in mind concerning our show, there is always a FIRST-time attender at most car shows so we have to have information geared to them. We did get a parking place just across from the registration desk, so we were in the middle of the "action". It was a windy day, which helped keep the temperature down. Met some nice people, enjoyed the poker walk and the library had a book sale going on. Robert was also in attendance, but when we were by his car he was busy cleaning and when he came by ours we were yakking with others. No club members walked away with any awards at this show, but there was an "Eleanor" that received an award. Had a good time and there was a lot of "foot traffic" with people coming by to enjoy the cars (and trucks).

So far; we have 14 sponsors. Doug attached is list from last year (also note this should be the same list as in the April newsletter), might be good to put in next newsletter. Remember Lance is not helping this year so other members need to cover those he did last year. If anyone has filled out sponsor forms, please get them to me so I can enter them. Thanks, Heinz

This information from Heinz does not show which of those listed are the current sponsors for 2019 show. Good thought is that any that have Lances' name on it is not current. DH
